In most instances an organization is usually compelled to change for its long-term survival brought about by an external intervention. In this respect The Trinidad Building & Loan Association (TBLA) is no different, as the economic environment changes, management and staff must revisit the way they conduct business.

For many years the buzz in the financial environment was on how to better serve customers and solidify customer relationship. The demand of consumers today coupled with changes in the economic environment is demanding that businesses "put their house in order". Companies have responded by developing the framework for the establishment of policies and procedures for the prudent management of the organization.

For long-standing organizations such as TBLA the biggest challenge would be **cultural change**. For transformation to be effective, culture change is going to be highly out of line to what existed in the past. From the very outset the organization must free itself from the existing culture and conceive a plan of action that starts to liberate the organization from its past.

Culture changes will be difficult to achieve if the organization insist on maintaining the status quo consistent with the past. Remember, an organization's old

### **TBLA ADVICE CORNER**

### SET MEANINGFUL GOALS, PUT A PLAN IN PLACE AND FINANCIAL SUCCESS WILL NOT AVOID YOU

The most important secret for getting a grip on your finances is to figure out what your <u>specific financial goals</u> are and what you <u>need</u> to do to <u>achieve them.</u> The will to win is useless without the will to prepare. If you lack a plan to achieve your goals, success will avoid you. TBLA flagship product, Subscription Shares will allow you to save for a particular future goal, whether your goal is down payment for a house, car, vacation, medical, education or whatever investment objective you have, Subscription Shares is the vehicle to achieve your goal. Kindly call or come in to discuss your goal with one of our Mortgage & Investment Representative to find out more about this high yielding dividend interest baring account.

## **The Family Indemnity Plan**

TBLA has now introduced the Family Indemnity Plan (FIP). This plan is designed to provide financial assistance to families in the case of the untimely death of a loved one. The FIP provides cash benefits to cover funeral costs and other expenses that may occur.

For more information please call or visit the Association's Office.
